BUREAU OF SANITARY ENGINEERING, BANGALORE.

Notification dated 13th March 1939.

Notice is hereby given that sealed tenders will be received from the Licensed Plumbers at the Office of the Sanitary Engineer, Bureau of Sanitary Engineering, Bangalore, up to 1 P.M. on 5th April 1939, for laying pipe lines for improvement of water supply to Shimoga Town. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by the end of June 1939.

2. The plans, detailed estimate and conditions may be seen at the Sanitary Engineer's Office between the hours of 11 A.M. and 5 P.M. on all office days.

3. Tenders should be submitted on printed forms which may be obtained from the Sanitary Engineer. The tenders should be accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed.

4. Each tender must be accompanied by a deposit of Rs. 1,457 in cash (no cheques will be accepted) as earnest money, and be superscribed "Tender for laying pipe lines for improvement of water-supply to Shimoga Town," in default of which the tenders will be rejected.

5. The final acceptance of the tender will rest with the Sanitary Engineer who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within eight days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond, in default of which his tender will be considered cancelled and his earnest money will be forfeited.

7. The name of the successful competitor, whose tender has been accepted, will be posted on the Notice Board in the Sanitary Engineer's Office in due course. No enquiries regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.

9. Charges on account of scaffolding materials, implements for setting out, barricading, clearing site, supply of water, etc., that may be found necessary during execution will not be paid for separately but should be borne by the contractor.

10. Rates for non-tendered and non-estimated items shall be as per schedule rates of the department or those fixed by the Sanitary Engineer after working out data with not more than 10 per cent for contractor's profit.

11. In all matters not specifically provided for and in all matters of disputes about rates, quantities, measurements, quality of works, etc., and in all disputes of any kind, the decision of the Director of Public Health will be final and legally binding.

Estimate of the approximate quantities for the labour portion of the work of laying pipe lines for improving water supply to Shimoga Town.

No.	Particulars	Unit	Quantity
	I. Laying of 8" C. I. Rising Main.		
1	Earthwork excavating and refilling the pipe trench with consolidation including forming and gravelling, etc., complete	C.yd.	2,747
2	Making lead joints to 8" C. I. pipes and specials including laying and jointing with cuts and conveying pipes to site	No. of Joints	700
3	Constructing valve cisterns as per type designs	No.	8
	II. Laying 7" C. I. Distribution main through Mission compound from the new Reservoir and connecting the same to the existing Distribution.		
1	Earthwork excavating and refilling the pipe trench as per Item I ..	C.yd.	1,550
2	Making lead joints to 9" C. I. pipes and specials including laying and jointing with cuts and conveying pipes to site	Joint	7
3	Making lead joints to 7" C. I. pipes do do	,,	392
